

Pressure tanks

Picture	Code	Description
	SSP02SS	UPT 2 X - 2 ft. pressure tank.
	SSP10SS	UPT 10 X - 10 ft. pressure tank without stirrer. Pressure control product, idlers, upper product output. TUV certified.

Pressure tanks

Picture	Code	Description
	SSP10SI	UPT 10 Y - 10 lt. pressure tank without stirrer. Pressure control product, idlers, lower product output. TUV certified.
	SSP10PS	UPT 10 PX - 10 lt. pressure tank with pneumatic stirrer. Pressure control product, idlers, upper product output. TUV certified.

Pressure tanks

Picture	Code	Description
	SSP10PI	UPT 10 PY - 10 lt. pressure tank with pneumatic stirrer. Pressure control product, idlers, lower product output. TUV certified.
	SSP20SS	UPT 20 X - 20 lt. pressure tank without stirrer. Pressure control product, idlers, upper product output. TUV certified.

Pressure tanks

Picture	Code	Description
	SSP20SI	UPT 20 Y - 20 lt. pressure tank without stirrer. Pressure control product, idlers, lower product output. TUV certified.
	SSP20MS	UPT 20 HX - 20 lt. pressure tank with manual stirrer. Pressure control product, idlers, upper product output. TUV certified.

Pressure tanks

Picture	Code	Description
	SSP20MI	UPT 20 PX - 20 lt. pressure tank with pneumatic stirrer. Pressure control product, idlers, upper product output. TUV certified.
	SSP20PS	UPT 20 PX - 20 lt. pressure tank with pneumatic stirrer. Pressure control product, idlers, upper product output. TUV certified.

Pressure tanks

Picture	Code	Description
	SSP20PI	UPT 20 PY - 20 lt. pressure tank with pneumatic stirrer. Pressure control product, idlers, lower product output. TUV certified.
	SSP40MS	UPT 40 HX - 40 lt. pressure tank with manual stirrer. Pressure control product, idlers, upper product output. TUV certified.

Pressure tanks

Picture	Code	Description
	SSP40PS	UPT 40 PX - 40 lt. pressure tank with pneumatic stirrer. Pressure control product, idlers, upper product output. TUV certified.
